Summary of Legislation: This bill requires the Bureau of Motor Vehicles (BMV) to notify the county executive of a county containing a license branch the Bureau proposes to close before the hearing on closing the branch is held. It requires the BMV to state in the notice the amount of a per transaction county branch service charge that would be required to pay the costs of operating the license branch the Bureau proposes to close. The bill provides that the service charge may not exceed \$5 per transaction. It provides that the BMV may not close the license branch if the county executive of the county containing the branch adopts an ordinance to impose the service charge on all license branch transactions occurring in the county.

Effective Date: July 1, 2006.

Explanation of State Expenditures: This proposal could have a fiscal impact on the BMV and/or the Bureau of Motor Vehicles Commission when the BMV is required to maintain a license branch that otherwise would be closed and the maximum \$5 per transaction fee is not sufficient to maintain the operation of the branch.
